

Hepatitis B  
Voices  
Australia

# Hepatitis B Voices Australia

## Strategic Plan 2022 - 2025

### OUR VISION

The voices of people living with hepatitis B will be central in the response to hepatitis B and eliminating its impacts.

### OUR PURPOSE

We amplify the voices of the affected community to eliminate the impacts of hepatitis B.

Lived experience

Diversity

Respect

Equity

Collaboration

Transparency

## OUR STRATEGIC PRIORITIES

### Organisational growth

- Expand our Board's capability and capacity
- Develop our structure and processes
- Build membership and financial sustainability
- Establish our Expert Advisory Group

### Partnership

- Build relationships across our sector and community to establish national presence and influence
- Collaborate with researchers to guide hepatitis B research

### Policy and advocacy

- Develop national policies for appropriate and culturally safe hepatitis B language and community engagement
- Influence national and state hepatitis B policy

### Community support

- Develop a community engagement strategy
- Develop a peer education strategy
- Develop programs for community mentoring and leadership
